

TANARI TRUST

JULY EDITION
NEWSLETTER

The long and short of July.

July has been a cold month but also a fruitful period for empowering young people through our programs.

We had two trainings (CPR-A Sexuality program- and the ROPES® TOC. For the IGSCE students at Ridgeways Baptist Church, we had engaging ROPES Sessions. With sumptuous cakes, we celebrated with schools in Mathare, Kibera, Naivasha and Marurui.

We held a fascinating team building & empowerment session for the home group fellowship leaders from Nairobi Baptist Church.

Read about this in our July Newsletter and be part of what TANARI TRUST is doing in Empowering Youth for Life in different locations and contexts.

KEEP HEARTS WARM THIS CHILLY JULY TRAININGS

Parents' meeting at Ndeiya

About 200 parents assembled in KAG Church in Ndeiya-Kiambu County drawn from the community around to learn tips of successful Parenting. From simple activities such as the balloon game, they drew lessons of the importance of affirming and accepting the child as well as their role as the voice of hope for the teen.

ROPES TRAINING OF COORDINATORS.

During the last week of July, we held a ROPES® Training with 24 participants. Through the week, facilitators-Mubui wa Kilonzo, Emmanuel Malingu, Faith Ndegwa and Felix Ochieng' prepared them for the journey of being a ROPES Coordinator. This training culminated in a Camp Simulation at Camp Malta, where they were joined by another 10 who were doing their classes at their

churches. This is the largest number (34) of Coordinators trained at once in the history of ROPES®.

Congratulations to the newest Coordinators.
